Visit Brundage Mountain Resort high in the mountains of Central Idaho!

Blessed annually with over 320 inches of Northern Rockies powder, Brundage opened with a family-centered vision in November 1961. As we celebrate our

50th anniversary this year,

Brundage now owns an undisputed reputation for having the **Best Snow In Idaho™**. Our family friendly approach has earned Brundage a distinct place in the hearts of snow lovers of all ages.

The mountain offers wide, beautifully groomed runs and glades stuffed with feather-light snow. The **Bluebird Express** and **Centennial Triple Chairs** take you straight to the summit, which boasts 360° panoramic views stretching across four mountain ranges, including Idaho's Salmon River Mountains and the Seven Devils Wilderness.

Pristine Payette Lake glistens below as you explore 160 acres of backside terrain accessed by the **Lakeview Lift**. The kid-friendly **Bear Chair** connects our first-class **Kids' Center** to an expanded beginner area and a terrain park designed just for them.

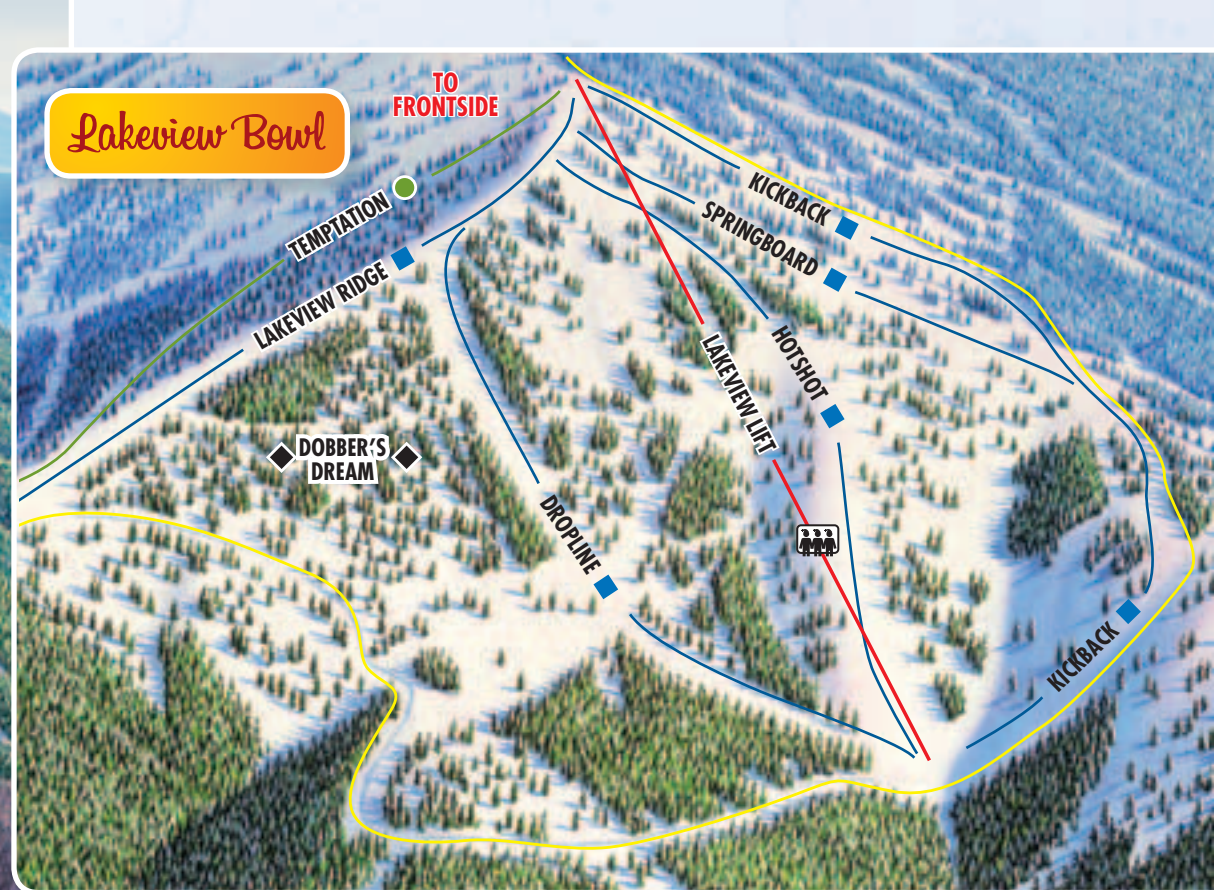

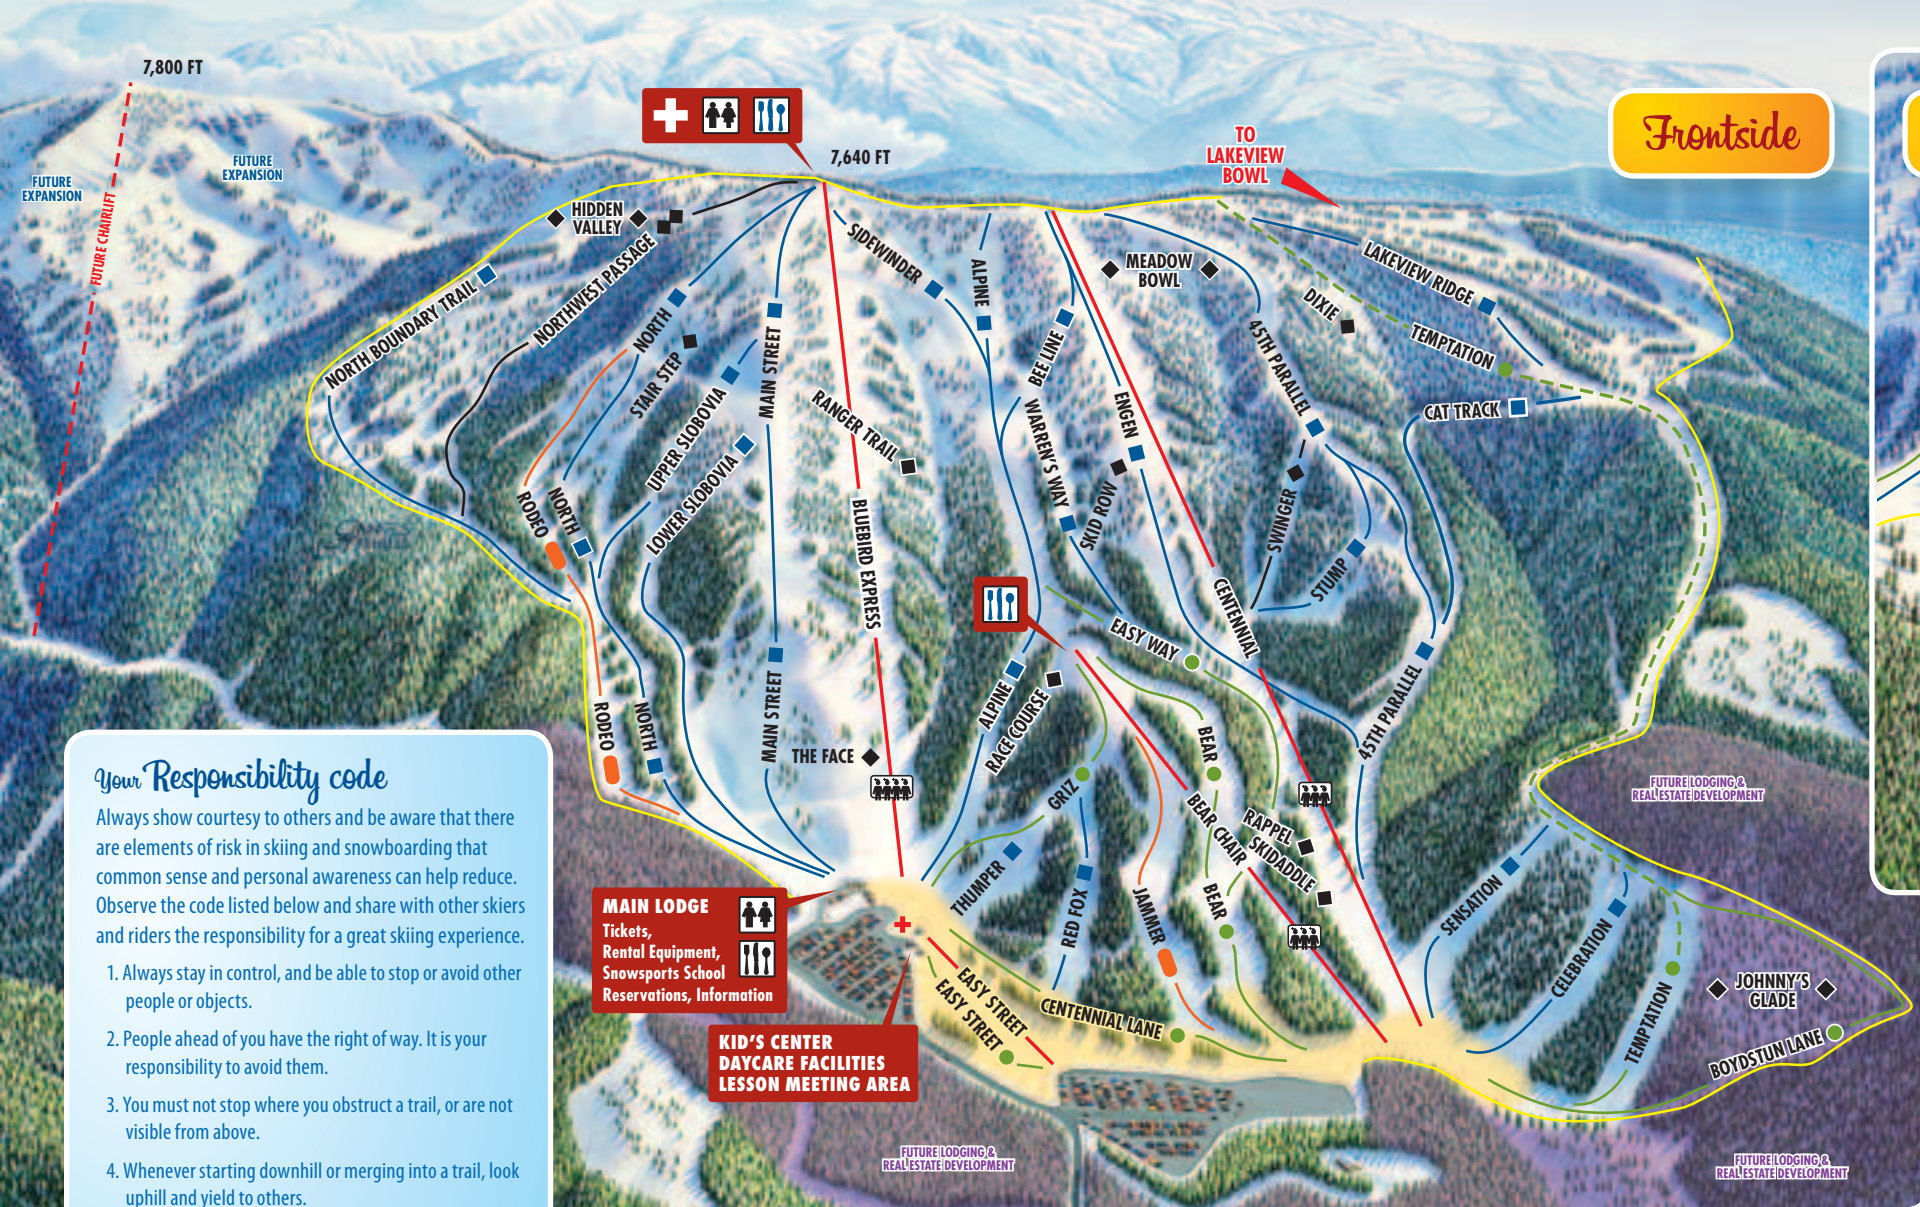

Easy Street Lift, adjacent to the Kids' Center and **Brundage Mountain Snowsports School**, provides less experienced snow riders and their families the ultimate venue to improve their skills with the help of our **PSIA/AASI Certified Instructors**.

Come explore one of Idaho's best kept secrets:
Brundage Mountain Resort.

At *Brundage Mountain* you'll find the fantastic winter experience families in the know have enjoyed for half a century.

Your Responsibility code

Always show courtesy to others and be aware that there are elements of risk in skiing and snowboarding that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers and riders the responsibility for a great skiing experience.

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Know the code. It's your responsibility.

This is a partial list. Be safety conscious. Brundage Mountain Resort is operated under a Special Use Permit issued by the Payette National Forest.
